

EU-OSHA and EUROFOUND

the EU-Agencies for Sustainable work

Elisabeth Lagerlöf

Sustainable work 2020

EU-OSHA - key activities

We work to make European workplaces safer, healthier and more productive – for the benefit of businesses, employees and governments. We promote a culture of risk prevention to improve working conditions in Europe.

- ▶ **The Healthy Workplaces Campaign** - two-year campaigns to raise awareness of occupational safety and health (OSH) topics across Europe
- ▶ **The Online Interactive Risk Assessment (OIRA-project)** - provides online risk assessment tools for small and medium-sized enterprises to assess and manage risks in the workplace
- ▶ **The ESENER study** - an extensive survey to provide a snapshot of how safety and health risks are managed in European workplaces
- ▶ **OSH-Wiki** - a collaborative online encyclopaedia of accurate and reliable information on OSH
- ▶ **Foresight projects** - highlight and study new and emerging risks in OSH through dedicated foresight projects
- ▶ **OSH Overviews** - provides overviews on specific OSH topics and identify priorities
- ▶ **NAPO-films** - a series of short, lighthearted, language-free films on important workplace safety and health topics

EUROFOUND - key activities

By undertaking research that examines practical experience and identifies factors for successful change, Eurofound seeks both to document and understand change and to develop ideas for the ongoing improvement of the living and working conditions of European citizens

- Working conditions and sustainable work
- Industrial relations
- Labour market change
- Quality of life and public services
- The digital age: opportunities and challenges for work and employment
- Monitoring convergence in the European Union

Procurement EU-OSHA

ADVICE

- ▶ Take a look at Procurement at EU-OSHAs website, <https://osha.europa.eu/en/about-eu-osha/procurement>,
- ▶ In order to get an overview of what type of issues that are contracted out, take a look at [Contracts signed in 2016 above EUR 15,000](#)
- ▶ Look then at the EU-OSHAs Key Areas and find which area is most interesting for you. Put an “Alert” on that page and you will automatically be informed when something new occurs on that Webpage
- ▶ Look at the webpage on Procurement and you will find if there is a tender for you

Procurement EUROFOUND

You can get involved in Eurofound's activities in 3 ways:

1. You can use their questionnaires and datasets available freely for your own research. The Eurofound datasets and accompanying materials are stored with the UK Data Service in Essex, UK and promoted online via their website. For access, please see <http://discover.ukdataservice.ac.uk/>.
2. You can be an external expert. Eurofound is establishing a list of experts covering the research areas of its [Programming Document 2017-2020](#). Experts may be asked to advise on planned research approaches and methodologies, or to carry out a peer review.
3. Go to Procurement <https://www.eurofound.europa.eu/about-eurofound/procurement> All information necessary for tendering is included either in the published notices in the Official Journal of the European Union or in the Tender Specifications provided directly to invited candidates.

Procurement including all EU bodies

TED eTendering Platform

TED eTendering provides free electronic access to calls for tenders published by EU institutions, agencies and other bodies.
